

# Food Service

The market for single-serve food containers continues to evolve to paper-based solutions such as folding cartons (aka folding boxboard), microflute corrugated trays, molded pulp, and many other structures. Michelman coating solutions provide oil and grease barrier and other key functionality for the safe and reliable use of paper in food service containers.

## Coatings

Product Name	grease & oil resistance	heat seal	MVTR	release	water resistance
Coating X300™ AF					•
Michem® Bake 360				•	
Michem® Coat 2000	•				
Michem® Coat 40 Plus N					•
Michem® Coat 40HAFN					•
Michem® Coat 51	•				•
Michem® Coat 525	•				
Michem® Coat 55	•				
Michem® Coat 95		•			•
VaporCoat® 2200R	•		•		•
